October – December 2020

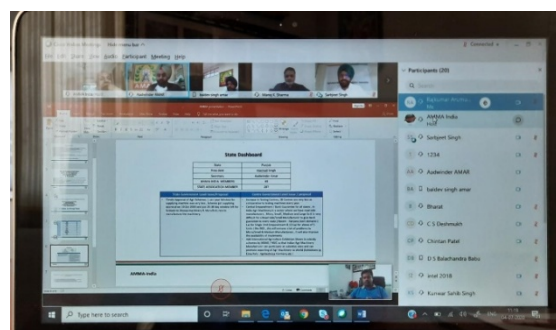

Executive Council Meeting (ECM) of Agricultural Machinery Manufacturers Association (AMMA-India)

04th July 2020 at 10.45 AM via Video Conferencing

Mr. Sarbjeet Singh Panesar, Secretary AMMA-India welcomed all the Executive Council members and shared the purpose of the 2nd Video conferencing meeting with all the state chapter chairman. Mr. S.V. Raju, Chairman AMMA-India addressed the members & past presidents and also welcomed them and thanked them for attending the meeting. He appreciated the efforts for conducting Executive Council meeting via Video conferencing and shared his views on agriculture activity affects due to bumper rabi crop & good monsoon. It helps in generating good business to all the manufactures also required more financial support to farmers from government to buy implements.

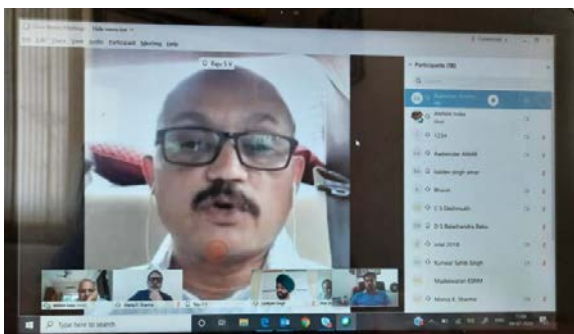

Mr. Sarbjeet Singh Panesar Secretary AMMA-India Shared information about the total strength of the association (687) members, having them from all agricultural sectors i.e. implements, tractor, component, gardening tool & power tiller and processing equipment. He also shared the information related to CRM (Crop Residue

Management) scheme for the year 2020-21 in Punjab, Haryana & Uttar Pradesh & empathizes on the centralized approval for bank guarantee, empanelment of manufacturers, testing reports etc. Also discuss on the rate revision in CRM scheme.

Mr. Raj kumar, Chairman Tamil Nadu Chapter shared important information viz. implementation of critical specification of implement be postponed to April 2021; In case of re-testing of same implements GOI should consider minimizing test hours & testing charges; Shared acceptance of 5 Ton trailer subsidy by Joint Secretary

(M&T); introduction of One Nation One Approval Policy for Subsidy; Testing date to be extended till March 2021.

Mr. Bharat Patil, Chairman Maharashtra State Chapter shared the information viz. not sufficient funds for subsidy purpose; empanelment & subsidy allocation still pending from state government side.

Mr. Sushil Agrawal, Chairman Uttar Pradesh Chapter shared the information viz. subsidy funds to be released on time so that manufacturer should get sufficient time to manufacture implements; rate revision for SRM scheme implements. Due to COVID 19 effect the prices of raw material and manpower has increased that results in price increase of machine.

Mr. Chintan Patel, Chairman Gujarat Chapter shared the information viz. single policy for subsidy rate approval ; funds to be released on time.

Mr. Adwinder Singh, Secretary Punjab State chapter shared information viz. timely approval of subsidy schemes; Increase in testing centres; Centralized empanelment and Bank guarantee scheme.

Mr. Manoj Sharma, Chairman Delhi Chapter shared information viz. funds are not utilities & need to find other alternative to use them.

Mr. Parvid Lohan, Chairman Haryana Chapter shared information viz. new guidelines for re-testing of implements & fees concession on batch testing of implements.

Mr. Ramesh Kumar, Secretary Karnataka Chapter raised the issues such as DBT Issue ; New Tender terms & conditions; Testing of implements is delayed.

Mr. Balachandra Babu, Chairman International Activities suggested to ensure availability of funds for upgradation of manufacturing facilities.

Dr. Surendra Singh Shared the information regarding next AMMM Meeting. Due to Covid-19 affect all social gathering function and meeting has been postponed. It was decided to cancel the next Manufacturing Meet (AMMM-2020) which was to be held by Video conferencing in September, 2020 and it was decided that next Manufacturing meet (AMMM-2021) will be held at Ludhiana on 18-19 September 2021.

Mr. Sarbjeet Singh Panesar, Secretary AMMA-India proposed Vote of thanks to members for joining meeting via video conferencing.

Webinar 2.0 – Automation in Agriculture

Organized by the Indian Society of Agricultural Engineers (ISAE)

04th July 2020 at 19.00 to 20.30 hours by Video conferencing

Mr. D S Balachandra Babu Chairman International Activities of AMMA-India and Ex. President AMMA-India attended Webinar 2.0 – Automation in Agriculture Organized by the Indian Society of Agricultural Engineers

(ISAE) on 04th July 2020 at 19.00 to 20.30 hours and made presentations on 'AMMA-India role for Sustainable Agricultural Mechanization in India -Hurdles faced by Industry'. He also participated in discussions.

Web based Workshop on “Impact of COVID-19 on Agricultural Machinery Manufacturing Sector in India: Present Challenges and Future Strategies

10th July 2020 from 10:30 AM

Organized by ICAR-CIAE Bhopal

ICAR-CIAE, Bhopal organized a Web based Workshop on “Impact of COVID-19 on Agricultural Machinery Manufacturing Sector in India: Present Challenges and Future Strategies on 10th July 2020 from 10:30 AM onwards. The aim of this program was to discuss the present challenges faced by the tractors, power tillers and farm machinery manufacturers from different parts of the country due to COVID-19 pandemic and to formulate strategies to sustain the mechanization goals of the country. About 170 manufacturers of tractors and agricultural implements from various parts of the country participated in the meeting.

Chairman; Mr. Mitul Panchal, Sr. Vice Chairman; Mr. Rajkumar Arumugam, Vice Chairman and Mr. Sarbjeet Singh Panesar, Secretary.

Power point presentations were made by association members such as Mr. S V Raju,

Following points were raised and discussed:

1. Agricultural Machinery and its supply chain under essential commodity
2. Postponement of New Bharat Stage IV Emission norms
3. Export related issues
4. Rectification of Vahaan Portal enabling registration of tractors and combined harvesters
5. Decision on subsidy – to have one price across the nation
6. Considering agriculture machinery as input to agriculture just like seeds, fertilizer and chemicals so that farmers

can use Kisan Card to buy agricultural machinery excluding tractors, power tillers and combine harvester.

7. Implementation of critical specification of implement should be postponed to March 2021.
8. In case of re-testing of same implements GOI should consider minimizing test hours & testing charges.
9. Centralized approval of testing report & bank guarantee by GOI.
10. To provide modernization funds for agricultural machinery industries at least once in 15 years to upgrade manufacturing facilities.
11. Shortage of migrant labour for paddy transplanting and other farm operations.
12. In recent years, many states have started imposing huge EMD and Security deposits for the empanelment of Firms and their products for the various SMAM schemes and these amounts varies from state to state with very high value. Hence, we request that the empanelment of the firms to be taken up at National level with one

EMD/Security deposit to cover for all the states.

13. Testing and certification for the financial year 2020-21:

Due to corona pandemic outbreak and the following lockdown, the product testing and certification has become impossible. Considering the same, the ministry has extended the validity of the existing certificates till 31st December 2020. But, due to the continued lockdown measures of many states and the interstate travel ban etc., the testing has not been started by many testing centres as well as by the Industries. Hence, we hereby request to further extend the validity of the test reports to 31st March 2022.

- 14. Establish Agri Machinery Technology Upgradation Fund (TUF) –** To improve and implement modern manufacturing technology and Industry 4.0 kind of manufacturing methods which will make the industry to stand up against others in global market.

Meeting with Industry Associations

15th July 2020 at 1430 - 1630 hrs through WEBEX

Organized by **FOOD AND AGRICULTURE DEPARTMENT, BUREAU OF INDIAN STANDARDS**

Bureau of Indian Standards has been functioning as the National Standards Body of our country. One of the main activities of BIS is the development of National standards which is spread over various divisions out of which Food and Agriculture Division Council (FADC) is one of the divisions. Various technical committees under FADC are entrusted with development of Indian Standards. Industry associations are key stakeholders and play important role in the process of developing standards in the field of Food and Agriculture. To

enhance the synergy between the associations and various technical departments of BIS, it was decided to hold a meeting on Wednesday, 15th July 2020 at 1430 - 1630 hrs through WEBEX. There was a presentation during orientation workshop for Heads of standardization cells in industry associations. Dr. Surendra Singh, Mr. S V Raju, Chairman; Mr. Mitul Panchal, Sr. Vice Chairman; Mr. Rajkumar Arumugam, Vice Chairman and Mr. Sarbjeet Singh Panesar, Secretary from AMMA-India attended the meeting.

Virtual Conference on “Challenges of Covid-19 pandemic”- opportunities in Farm Mechanization in India

8th August 2020 from 11.00 AM - 12.30 PM via Video Conference

Organized by **Ministry of Agriculture & Farmers Welfare, Department of Agriculture, Cooperation & Farmers Welfare, Mechanization & Technology Division.**

Department of Agriculture, Cooperation & Farmers Welfare in association with Federation of Indian Chambers of Commerce & Industry (FICCI) organized a Virtual Conference on “Challenges of Covid-19 pandemic”- opportunities in farm mechanization in

India on 8th August 2020 between 11.00 AM - 12.30 PM via Video Conference. The webinar was attended by Dr. Surendra Singh, Mr. S V Raju, Chairman; Mr. Mitul Panchal, Sr. Vice Chairman; Mr. Rajkumar Arumugam, Vice Chairman and Mr. Sarbjeet Singh Panesar, Secretary and other members from AMMA-India. Mr. Sarbjeet Singh Panesar, secretary AMMA-India made presentation during webinar.

Orientation on new online application of software being developed by NIC for FMTTIs

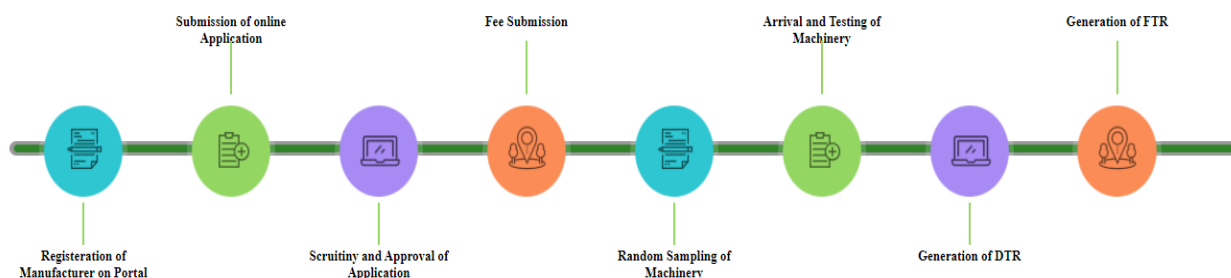

25th August 2020 at 2.00 PM

Organized by Ministry of Agriculture & Farmers Welfare, Department of Agriculture, Cooperation & Farmers Welfare, Mechanization & Technology Division.

Ministry of Agriculture & Farmers Welfare, Department of Agriculture, Cooperation & Farmers Welfare, Mechanization & Technology Division has organized a meeting through video conferencing for the orientation on new online application software being developed by NIC for FMTTIs on 25th August 2020 at 2.00 P.M. NIC officers made the presentation on application software. Directors, FMTTIs, NIC Officers and all the executive members of the various associations viz TMA, PTMA, AMMA-India, AICMA, etc attended the meeting.

Farm machines and equipment play a pivotal role in crop production, and its handling, transportation, processing and preservation. For promoting the use of machines, the Government established the "Agricultural Machinery Utilization Training Centre". The objective of establishing the Centres was to train the prospective farmers on proper use, maintenance and up-keep of farm machines. With the growth of indigenous production of tractors and farm equipment, the Institutes have developed the necessary expertise and infrastructure and has attained International

Standards in the field of farm machinery training and testing and is well recognized amongst leading testing organizations in the world. With a view to enhance the pace of agricultural mechanization, the Government has laid emphasis to provide financial assistance to the farmers and other target groups for purchase of different kinds of farm equipment, demonstration of new equipment among farmers for spread of new technology, human resource development in operation, maintenance/repairs and management of agricultural machinery and the quality improvement through testing and evaluation besides institutional credit & fiscal measures. The Farm Machinery Training & Testing Institutes at Budni (M.P.), Hissar (Haryana), Garladinne (A.P.) and Bishwanath Chariali (Assam) established by the Government of India have playing a vital role in promoting agricultural mechanization. The Department has developed a software for the online submission of agricultural machinery for testing at four institutes mentioned above. There was demonstration of software by NIC. Farm machinery testing processes followed are:

1. Registration of manufacturer on portal
2. Submission of online application
3. Scrutiny and approval of application
4. Fee submission
5. Random sampling of machinery
6. Arrival and testing of machinery
7. Generation of DTR
8. Generation of FTR

Manufactures submitting the machinery for testing may visit following links:

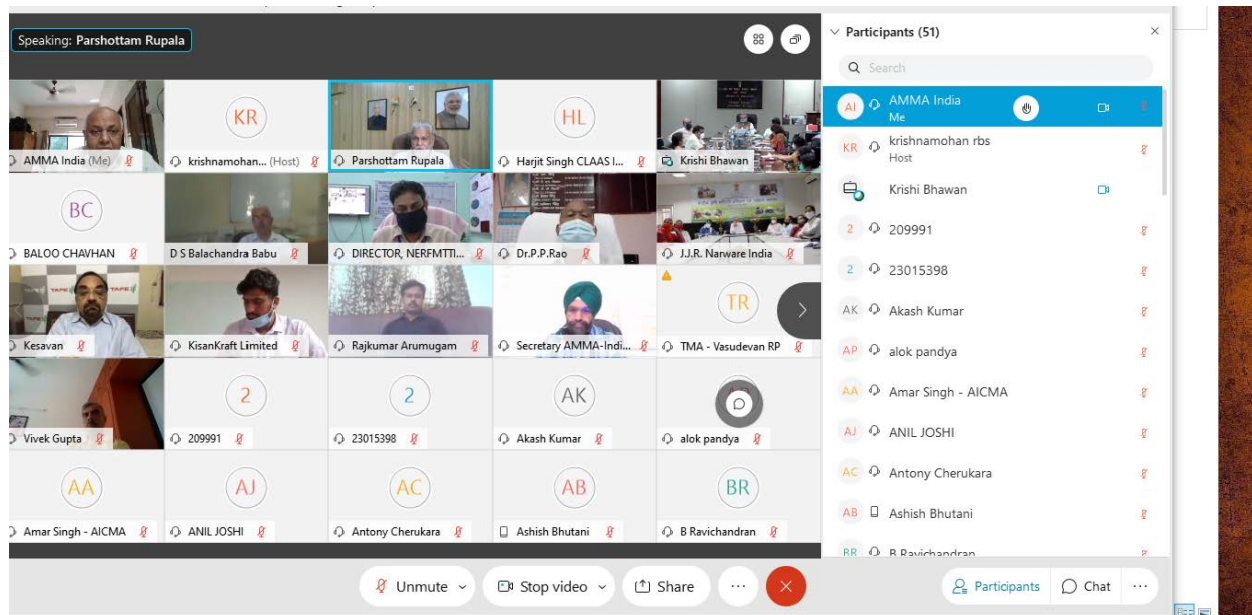

<https://agrimachinery.nic.in/>

<https://agrimachinery.nic.in/FMTTI/Management/Index>

Launching of software was done on 24th September 2020 by Shri. Narendra Singh Tomar, Hon'ble Minister of Agriculture and Farmers Welfare.

Launching of "Centralized Farm Machinery Performance Testing Portal" by Hon'ble Minister of Agriculture and Farmers Welfare

24th September 2020 at 1 PM at Krishi Bhawan. New Delhi

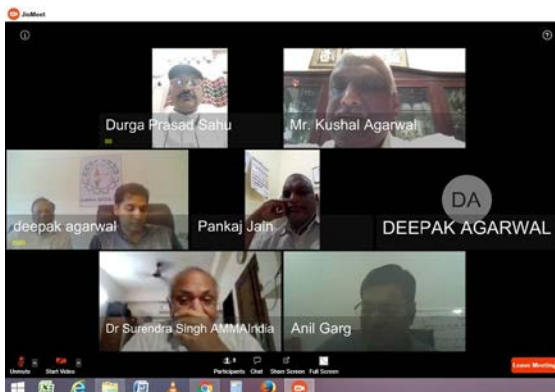

AMMA – India Uttar Pradesh Chapter Meeting

5th September 2020 from 11:00 am - 1:00 pm via Video Conference of State Chapters at Barabanki Uttar Pradesh

A Meeting was organized through video conferencing for which web link was shared with AMMA – India Uttar Pradesh Chapter members, Agriculture Equipment Manufacturers and Additional Commissioner GST, Government of India Mr. Durga Prasad Sahu, under the chairmanship of AMMA-India U.P. Chapter Chairman Mr. Sushil Kumar Agarwal and AMMA-India treasurer Mr. Deepak Agarwal. Meeting started at 11.00 AM on 5th Sept. 2020. Mr. Sushil Kumar Agarwal,

Chairman AMMA-India UP chapter welcomed the participants. Different issues and problems faced by agriculture machinery manufacturers was raised and discussed particularly on GST and EWAY bill system. Advancement in the new technologies in Agriculture machinery was also discussed by the team members of association and was highly appreciated by the chairman. Additional Commissioner Mr. Durga Prasad Sahu explained and clear

issues and problems one by one in a simplified way to the members.

Further assured to look into the issues and asked the members to put a copy of the same to the GST council, Government of India, for information and necessary action. AMMA-India founder and Technical Advisor Dr. Surendra Singh also attended the meeting via video conferencing with all AMMA-India Executive members, and discussed various issues and requested all members to arrange next meeting more frequently through video conferencing. He assured all members to arrange next meeting with more advance system of video conferencing.

AMMA-India Karnataka Chapter Meeting 15thSeptember 2020 at Bangalore

Members of AMMA-India Karnataka Chapter organized General Body meeting on 15thSeptember 2020 at Bangalore to discuss various issues and conduct election of new executive.

In today's general body meeting Shri K. M. Ramesh was elected as Karnataka state

Chairman. Shri Venkatesh Kulkarni and Shri Shashidhar Badger were elected as Vice President. Shri Mahantesh Jamakhandi was elected as Secretary. Shri Mahesh Davangere was elected as Treasurer.

Fourth meeting of MED 40 Safety of Machinery Sectional Committee MED 40 18thSeptember 2020 10:30 am onwards

Organized by Bureau of Indian Standards, Mr. CHANDAN GUPTA, Member Secretary (MED 40)

Meeting was attended by our Technical Members Er. Rajkumar Arumugam from M/s. Renaissance Power Products Pvt. Ltd., Coimbatore (Tamil Nadu); Mob: 9944241360; Email:

rajkumar@renppl.com and Mr. Kunwar Sahib Singh, M/s. Falcon Garden Tools Pvt. Ltd. Alamgir, Malerkotla Road Ludhiana (Punjab); Mobile: 9814120996; Email: kunwar@falcontools.com.

Revision & Rationalization of Qualification Packs (QPs) & Model Curricula developed in Farm Mechanization Segment

28th August 2020 from 3:00 PM - 5:00 PM

Organized by Agriculture Skill Council of India, Govt of India

Agriculture Skill Council of India (ASCI), Govt of India in discussion with M&T Division of Ministry of Agriculture and Farmers Welfare organized a meeting through video conferencing to discuss QPs. The Qualification Packs (QPs) in Farm Mechanization segment had been developed with the kind support of associations & M&T Division in 2016. These QPs have now reached their next review date and therefore, we seek valuable inputs and guidance from the experts in terms of the technical content and possibility of broadening the scope of the QPs, if applicable.

In the Virtual Workshop on “Revision & Rationalization of Qualification Packs (QPs) & Model Curricula developed in Farm Mechanization Segment on 28th August 2020”, under the chairmanship of Ms Shomita Biswas, Joint Secretary-M&T Division, MoA & FW all the courses were individually discussed and comments/suggestions were recorded. Dr. Surendra Singh, Mr. S V Raju, Mr. D S Balachandra Babu, Mr. Rajkumar Arumugam and Mr. Sarvjeet Singh Panesar from AMMA-India attended the meeting.

Export Awareness Program & International B2B Opportunities

25th September 2020 from 3:30 PM- 5:00 PM

EEPC India organized an open house session along with association ‘KAIMA’, briefing about upcoming virtual platform of expo’s to enter new markets for agricultural machinery and farm technologies for its members. EEPC India briefed about potential of New Technology of productions

and doing business for Export markets like North America, East Europe, European Union, United Kingdom; Africa; ASEAN; and SAARC countries. Mr. S V Raju, Mr. Rajkumar Arumugam and other members of AMMA-India attended the meeting.
